A CLEAN MAN.

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood.

Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn't make the flabby fat of corpulency, but the firm flesh of health. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Coughenour, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was as weak and nervous as though I had been starved for months. My heart kept throbbing continually and I was short of breath. Finally I wrote to you for advice and you informed me that I had indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' from you and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe.

PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Suit Case Mystery.

Interest in the famous suit case mystery in Boston was suddenly revived late yesterday afternoon by the finding of the arms and legs of the young woman. A suit case was picked up in the harbor near the Charlestown bridge about 4 o'clock, and in it were the arms and legs wrapped in a piece of oil cloth of the same pattern as that which inclosed the torso in a suit case discovered floating near the Winthrop Yacht Club on September 21.

Both the legs had been di-jointed at the knees. From the similiarity of the the disarticulation of the the limbs with that of the torso, Medical Examiner Harris says there is not the slightest doubt that they are all portions of the same body. Moreover, Myer Rubin, pawnbroker, has identified the suit case as one he sold on September 19 to the same man that purchased the one picked up at Winthrop from John Berkman, another pawnbroker.

The most important feature of yesterday's discovery lies in the fact that upon the right hand were three rings, one set with a turquoise and one set with a garnett on the third finger, while upon the little finger was a small chased band ring. The police believe they can establish the identity of the victim through the rings and eventually discover, through learning her name, who the man was who brought about the woman's death and dismembered the body.

Medical Examiner Harris made a close examination and expressed the opinion that the arms and hands were not those of a working girl, but there is no denying that the rings were well worn and of an inexpensive sort.

An amazing story, which, if it contains any truth, may throw some light on the case, was told in Washington yesterday by a young white woman, who says her real name is Lucy Rosenbury, and that she is the wife of May Goon Sing, a New York Chinaman. She is a comely young woman, was neatly attired and claimed that she felt it her duty to make public some of the occurrences she witnessed while she lived in Mott street, New York, where her husband, Woong Goon Sing, kept a cigar store. She is about 25 years old and was born and raised at Littleton, W. Va. Her English is excellent and she seems to be above the average in intelligence. She suggests that the unfortunate woman whose torso was found in the dress-suit case floating in the harbor of Boston may have been the white wife of some Chinaman who became enraged at her, and, after murdering her, cut her up and disposed of the body in the gruesome way that has baffled all the Boston police. She further said: "You may not believe it, but I have seen the white wives of Chinamen who knew too much killed and their bodies cut up and sent away from that city. I have seen four American women disposed of in this manner. They were all the wives of Chinamen."

The Killing of Capt. Harris.

The police steamer Governor McLean, Capt. James A. Turner, arrived at Cambridge, Md., yesterday with the remains of Capt. Alexander Harris, of Cambridge who was killed in a battle with the oyster police schooner Bessie Jones, Capt. George W. Maddox, on Thursday morning. From the accounts given Captain Turner, it appears that on Wednesday evening Captain Harris and his dredge boat Kate Vickers were arrested in the Potomac river for violation of the oyster laws and were carried to Bush Wood steamboat wharf, in St. Mary's county, the officers of the Bessie Jones making the arrest. There was no magistrate within six or eight miles, so the boats passed the night at the landing, and next morning a messenger was dispatched inland to bring a justice of the peace to the wharf to take action on the charges against Captain Harris.

While the messenger was gone Captain Harris got into an altercation with the mate of the Bessie Jones on the wharf, and at one time drew a knife on him, but that incident passed off without consequence. Later on while still waiting for a magistrate to arrive, Captain Harris became impatient and said he was tired fooling and waiting around there and that he was going.

Suiting the action to the word, he went on board his boat and ordered his crew to weigh anchor and get under sail, and they began to do so. The mate of the Bessie Jones, who had also gone on his boat, ordered his crew to fire over the heads of the crew of the Kate Vickers as a warning to desist, and this they did, whereupon Captain Harris and his men retreated to their cabin, but presently came up again and renewed their work on the windlass. Again the crew of the Bessie Jones fired their rifles over her, and again the crew of the Kate Vickers retreated below.

Captain Harris, saying he would take a hand in the shooting himself, came up on deck, rifle in hand, and began firing on the crew of the police boat. The latter returned the fire and one of the rifle balls killed Harris instantly. He is said to have been drinking, but was not drunk. The affair happened off Bush Wood Landing, the two vessels being less than 100 yards apart. Captain Harris leaves a widow and four small children.

A Daredevil Ride often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve." "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at E. S. Leadbeater & Sons, druggists.

NEWBRO'S HERPICIDE.

THE ORIGINAL REMEDY THAT "KILLS THE DANDRUFF GERM."

The Hunters Came Too Late!

Their Faithful Dog has pointed out the True Remedy to Prevent Baldness but the Hunters came too late--Chronic Baldness is Incurable.

HERPICIDE A "HAIR-SAVER."

Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness the hair follicles are completely atrophied, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe," and this is well worth saving, for it offers some protection against the cold.

The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy to know that the hair gets its life and strength from the hair-papilla at the bottom of the hair follicle, and the papilla in turn gets its nourishment direct from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that cause hair loss and baldness. Invisible microbe growths enter the sebaceous glands, situated at the top of the hair follicles (Dr. Sabouraud, of Paris, says the microbe usually enters the scalp in youth), where one colony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebum also solidifies, causing dry, lustreless and brittle hair. Destroy this microbic growth with Newbro's Herpicide and protect the hair against re-infection, and it will grow as nature intended.

Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to teach new rules for scalp cleanliness, new rules for hair preservation, and to supply a germ-destroying solution that will enable careful persons to have beautiful and luxuriant hair. Almost marvelous results follow the use of Herpicide, and if it does not do more than we claim for it, your dealer will refund your purchase price. As a hair dressing it is truly exquisite, on account of its dainty and refreshing odor, which is characteristic. It contains no oil, grease or sedimentary substance, neither does it stain nor dye the hair.

Stops itching of the scalp almost instantly.

Best Ever Used.

I find Newbro's Herpicide to be the best cure for dandruff ever used, and my customers are very much pleased with it. VINCENT GRANDE.
Richmond, Va.

Herpicide Has No Equal.

For years I have been troubled with dandruff and itching of the scalp and have spent a great of money purchasing different kinds of remedies, but to no avail. Finally, I decided to try Newbro's Herpicide, and to my utmost delight and surprise I confess it is the best thing I ever tried as a hair dressing. It has no equal.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, OCT. 28, 1905.

THERE is said to be something like consternation in the Comptroller's office in Washington over the preliminary reports coming from Receiver Cunningham and Bank Examiner Moxey telling of the rottenness they have discovered in their investigation of the affairs of the wrecked Enterprise National Bank, of Allegheny, Pa. It is now practically admitted that the smash is one of the worst and most disgraceful in the national bank history, and it is plain much concern is felt in the Comptroller's office over the pointed and persistent questions asked in many quarters as to the usefulness of the present system of national bank examinations. It seems evident, from what is permitted to leak out, that Receiver Cunningham's investigation has fully borne out the suspicions existing in Pittsburg that the crookedness in the management of the Enterprise had been going on for a long period, and that in some way those guilty of it succeeded in concealing it from the national bank examiners, who made the regular examinations of the institution. There is a coterie of politicans in Allegheny City blamed for Clark's downfall and death. Members of the Clark family allege that these politicians profited by Clark's troubles. There is a growing belief, that a congressional investigation of the Enterprise Bank affairs will be undertaken the coming winter.

ADVICES from all portions of Russia show that country to be in a veritable reign of terror. Revolutionists in Caucasia have called upon the recruits to join the colors and peasant uprisings in the interior are reported. Mobs are smashing windows of factories in Odessa and demanding the stoppage of work. Private reports confirm the rumor of mutiny in the Black Sea fleet and the destruction of a battleship. St. Petersburg is now an armed camp, and troops continue to arrive. The strikers have stopped the machinery of the electric-light plant, and the city was in darkness last night, with the people panic-stricken. Incendiary fires have been started in Warsaw. The soldiers at Kharkoff have sided with the strikers. The efforts of the authorities to prevent thousands of students from holding meetings are only adding fuel to the revolutionary flame. Railway communication beyond the Russian frontier is completely stopped, and telegraph wires through the interior have been cut.

NEGROES in the vicinity of Macon, Ga., are using every possible means to get into the county jail, since it became known recently that two negroes who were confined in the jail six months were almost white when they were taken out. It is explained that the damp condition of the jail, which has been condemned, is the cause for the bleaching. When the news got around the negroes began pleading guilty to crap-shooting, even before they were questioned about it. The sheriff let 15 come in and then said: "I'm on to you, and if you want to get bleached out you'll have to use sand-paper and a file. I ain't going to feed any more of you in this beauty parlor." The authorities should see that no vestige of dampness is apparent in the Alexandria jail, as the tricks of the Macon blacks might be imitated by their genus in this city.

IT IS SAID that the President has instructed the members of his Cabinet to cut down their estimates and this policy of economy will be reiterated in his annual message to Congress. An effort will be made to reduce this year's deficit by cutting down expenses wherever possible and to avoid a deficit next year by reducing the estimates for congressional appropriations. This is the only sensible suggestion yet made for making the government expenses conform with the receipts, but it is feared that the suggestion will not meet with the approval of those who proclaim this to be a "billion dollar country."

A SUBPŒNA to appear as a witness in the beef trust trial on November 20, was yesterday in Chicago served on Charles G. Dawes, former Comptroller of the Currency. Mr Dawes has opposed in public speeches the course of the government in prosecuting the packers. His public expressions are said to have led to the issuance of a subpœna, so that what he knows concerning the packers may be stated under oath. He may also be induced to tell why, in his opinion, the government should not inforce the laws which the packers have so flagrantly broken.

SECRETARY BONAPARTE has directed the dismissal of an employee of the Norfolk navy yard because he refused to keep an agreement to lease rooms in his house to a machinist's mate becauce the latter had to wear a sailor's uniform. To maintain the dignity of the navy is all right, but, to a layman, it seems that the Secretary is going beyond the limit when he undertakes to regulate the internal workings of boarding housekeeping.

THERE has been another fight in the Island of Mindanao, Philippine Archipelago, between United States troops and the Moro tribes under the leadership of Datto Ali. Ali and one of his sons and ten Moros were killed by the American troops, who lost two men killed and one wounded. The killing of Datto Ali, it is said at the War Department, finally ends the insurrection of the Moros against the authority of the United States, but such final endings of the "insurrection" have been periodically reported during the past several years.

EFFORTS to arrange a new treaty between the United States and China have been suspended to await the action of Congress on the amending of the exclusion act. It is expected that President Roosevelt will make a recommendation along that line in his annual message. Something had better be done in reference to this Chinese exclusion matter or surely the Chinese boycott against American goods and wares will be continued at a great loss to the American people at large.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Oct. 28.

The Washington navy yard wireless telegraph station early this morning intercepted a wireless message from the cruiser West Virginia upon which the President is voyaging to this city and which is now somewhere off the coast of Florida. The message was sent by Admiral Brownson of the West Virginia to the cruiser Colorado, one of the voyaging squadron. The message was sent from some point in the Gulf of Mexico, and it is considered a most remarkable feat that it could have been caught by the Washington station over a thousand miles away.

The Panama Canal Commission is nearly bankrupt. Of the ten million dollars appropriated by Congress on June 28, 1902, barely enough money is left to pay salaries of employees for the next two months. There remains only about $800,000 in the commission's treasury. As a result Congress is to be appealed to to make an emergency appropriation. A prepared statement of the expenditures of the commission from the date of the ten million dollar appropriation up to June 30, 1905, has been made up and printed for publication today. It shows that the expenditures up to June 30 of this year were $4,009,543.76, leaving a balance on that date of $6,683,415.53, representing what was then left from the congressional appropriation and some miscellaneous receipts from other sources. It is announced, however, by J. B. Bishop, the special press agent of the canal commission, that a supplementary statement is being prepared for submission to Congress of the expenditures down to October 1. "There have been a good many heavy payments made since the end of the fiscal year," said Mr. Bishop. "By January first there will be nothing left and we shall have to ask Congress for an emergency appropriation as soon as it meets. The monthly expenses on the isthmus have averaged about $450,000. The work of sanitation on the isthmus has taken a lot of money. Partial payments have been made on some large contracts, and the two big steamships purchased for the Panama Steamship Line at a cost of $1,300,000 form a big item."

Bishop T. B. Neely of the Methodist Episcopal Church has had an eye open to trade relations between the United States and South America, where he is now located for his church in addition to his religious duties. Before he returns to his field he will call upon President Roosevelt to urge him to do everything in his power to secure the establishment of a line of steamers, as swift as the ones that ply between South America and Europe, to touch at Buenos Ayres as often as once a week. The commercial possibilities between Argentina and the United States he believes to be of great promise and urges that an American line of steamers will do more to foster trade with this country than anything else. He is not ready to advocate subsidized vessels, he merely wants the line, to get it at any cost. While he is not in favor of political dominance in that country Bishop Neely wants this country to hold a commercial supremacy there.

Secretary Root has declined an invitation to deliver an address before the students of the University of Virginia on the 22d of February next.

It is reported that Postmaster General Courtelyou, whom the President has decided to apoint Secretary of the Treasury to succeed Secretary Shaw, when that official retires from the Cabinet, 1st of next February, was the candidate of J. Pierpont Morgan for the position. It is said that Charles G. Dawes, president of the Standard Oil bank, in Chicago, was Mr. J. D. Rockefeller's choice for the place.

Mrs. Roosevelt, accompanied by her younger children, Archie, Ethel and Quentine, left the White House this morning and went for a cruise on the Sylph. It was at first rumored that Mrs. Roosevelt was bound for Norfolk to meet the President, but this is denied at the White House. It is said that she will return sometime tomorrow.

Children Poisoned.

It became known yesterday that seventeen girls, whose ages range from two to six years, at the St. Joseph Orphan Asylum in Burlington, Vt., were taken suddenly ill Thursday night and three of them died within three hours. At an autopsy held under the auspices of the State board of health, it was determined that the death of the three girls was due to poisoning, but that its cause had not appeared. The girls who were taken ill remained at the asylum Thursday evening, while the remainder of the 250 inmates were taken to an entertainment. It is supposed that in the absence of some of the nurses the children obtained something of a poisonous nature which they all tasted. Physicians were hastily summoned when the illness was discovered, but they were unable to save three of the little ones. They expressed the opinion that the others would recover, although some of them are still in a serious condition.

An official dispatch received in Lisbon from the governor of Portuguese West Africa tells of a sanguinary encounter between troops and natives on October 25. The latter, numbering 3,000, ambushed a column of Portuguese troops, who fortified themselves in two kraals. The natives surrounded the kraals with five earthworks, but after eight hours' fighting the Portuguese captured the earthworks, killing 200 natives. The Portuguese lost fifteen men.

Virginia News.

The ministers and laymen's meeting of the Baptist churches of Loudoun and Fauquier counties began a three-days' session at Leesburg yesterday afternoon.

After a four days' session the Medical Society of Virginia adjourned at Norfolk yesterday and attended an oyster roast at Cape Henry. Last night they left for their homes. The society determined to ask the Legislature to repeal the State license fee of $10. The committee will also report at the next session upon the proposition to make the fee for examinations $5.

Fatal Leap.

Leaping headlong through a plate-glass window, four stories down to the street, to evade arrest on warrants charging conspiracy and fraud, Adolph Perbohner, who conducted a real estate and loan business in Chicrgo was dashed to death yesterday on the pavement, dying instantly. The tragedy took place within a square of the city hall. Perbohner's spectacular leap to death was witnessed by scores of people passing and by many occupants of nearby offices. Slamming a door of a private office in the face of the police, when they appeared with the warrants, Perbohner hurled himself through the window. Apparently the man was so over-whelmed mentally by the imminence of arrest that his power of reflection was paralyzed, and he had only one idea—to escape.

Attempted Murder and Suicide.

After sending two bullets from a six-chambered 32-caliber revolver through his wife's neck in York, Pa., last night, Frederick Shetter, 35 years old, turned the weapon upon himself, firing two balls into his breast, one entering the heart. The shooting occurred in the kitchen of their home, and was the result of a quarrel in which they had become involved while they were at supper. Mrs. Shetter fell upon the kitchen floor. Her wounded husband walked into the parlor, a distance of 45 feet, disrobed, and, returning to the kitchen, fell by the side of his wife, where he died. They were found in this position when the police broke into the house. Mrs. Shetter was taken to the City Hospital. She will die.

Demand Refused by Porte.t

Constantinople, Oct. 28.—The Porte has refused the demand made by the ambassadors of the six powers interested in the reform of Macedonian finances to grant them a joint audience to press the claims of their governments for international control of the financial system in Macedonia. The powers will now take strong measures to enforce their demands and the situation is grave.

RETURN OF CAPTURED CONFEDERATE FLAGS.

The third and final day of the Confederate reunion closed at Petersburg yesterday with the unique ceremony of presenting to the Grand Camp the Confederate flags returned to the State by act of Congress.

At its business meeting in the morning the Grand Camp elected the following officers for the ensuing year: Grand Commander, Judge John H. Felton, of Wytheville; First Lieutenant Grand Commander, Col William H. Stewart, of Portsmouth; Second Lieutenant Grand Commander, Gen. T. T. Mumford, Lynchburg; Third Lieutenant Grand Commander, General C. C. Wharton, Radford; Quartermaster General, David A. Brown, jr., Richmond; Inspector General, Col. T. C. Morton, Staunton; Surgeon General, Dr. James W. Claiborne, Petersburg; Grand Chaplain, Rev. Dr. John P. Hyde, Winchester.

The erection of a monument to the women of the Confederacy was earnestly advocated by many speakers, Judge Geo. L. Christian, of Richmond, offering a preamble and resolutions urging every Virginia camp to do its best for that purpose and pledge a subscription.

Comrade R. W. Hunter, secretary of archives of the Grand Camp, presented his report, which was adopted,

Judge G. L. Christian, of Richmond, offered a resolution, which was adopted, providing that the history committee of the camp prepare a bill to be submitted to the Legislature to provide for compiling and publishing a roster of officers and men furnished by Virginia to the army and navy of the Confederate States.

A resolution offered by Adjutant Carter R. Bishop, of the local camp, indorsing the effort in Congress for the passage of a bill establishing a battlefield park on the famous battlefield around Petersburg, was adopted.

Vigorous protest was made by several veterans against the inscription on the North Carolina monument at Appomattox, which reads:

"First at Bethel, fartherest at Gettysburg, last at Appomattox."

A resolution was adopted urging the North Carolinians to modify their claims by prefixing the word "with."

Colonel Smith offered a resolution to the effect that a monument to the memory of Gen. Fitzhugh Lee be built at Richmond. Mrs. N. V. Randolph, of Richmond, made an address advocating the erection of this monument.

A committee was appointed to confer with Governor Montague for the purpose of obtaining legislative action providing a permanent place of safe-keeping for the returned Confederate flags.

The grand commander, the three lieutenant commanders, and the quartermaster general will select the next place of meeting.

The Virginia Division, Sons of Confederate Veterans, at a business session decided to increase the annual per capita tax, and elected W. W. Old, jr., of Pickett-Buchanan Camp, Norfolk Division, commander. The Sons of Veterans are also working for the erection of a memorial to the women of the Confederacy.

When the flags reached that city they were met at the station by a large delegation of Confederate Veterans and carried to the Academy of Music, where the presentation of them to the Grand Camp took place.

Phosphorous in Stomach.

Dr. William H. Taylor, who made a chemical analysis of the stomachs of the two children of Mrs. J. Edward Perkins who died under mysterious circumstances several weeks ago, yesterday in Richmond testified before a coroner's jury impaneled for the purpose of investigating the death of the children that it is conclusive to his mind that both the children came to their death from phosphorous poisoning; but whether the poison was administered accidentally or by design remains to be determined. The physician cautiously refrains from saying that the little boy and girl were murdered, but the inference is clear that he regards the affair as a crime. The story which he related was almost grewsome in its details. The stomachs of the children, he testified, were inflamed, and that of the little boy, when subjected to heat, gave out vivid flashes of peculiar light. The threatening letters and postal cards received by Mrs. Perkins, some of which were signed with the initials of a neighbor of the Perkins family, were read to the jury. One of the letters purports to show that jealously was the cause of the poisoning of the two children. Mr. and Mrs. Perkins, the parents of the dead children, were present at the inquest, as was also Mrs. Mamie McDowell, also known as Mrs. Bryant. Evidence has been gathered tending to show that Mrs. Perkins' mother, Mrs. Mattie Johnson, was confined in an insane asylum prior to her death, and that her mania took the form of a desire to kill her own child.

An Aged Woman's Fate.

Mrs. M. Todd, of New York, was found by the tracks of the Philadelphia and Reading Railroad at Oxford street entrance to Fairmount Park, Philadelphia, late last night.

Both legs were severed from the body below the knees, and her head was crushed. She was found by a flagman who happened to be walking along the track. A patrol was hurriedly summoned, and the woman was conveyed to the German hospital, where she died a few minutes after being admitted. How the woman met with the accident is not known. The unfortunate woman was the wife of Louis L. Todd, proprietor of the hotels Marlborough and Vendome, of New York. When found she wore eight diamond rings, diamond earrings, and a dismond brooch. In her hand bag were found a canceled Pullman car ticket from Jersey City to Philadelphia, and a check and a small sum of money. Mrs. Todd, who is said to be in her second childhood, left her hotel in New York yesterday to go to East Orange, N. J. A cabman who drove her to the railroad station in Hoboken purchased her ticket and saw her aboard the train. She was 80 years old and her friends in New York say that she wore $15,000 worth of jewelry and carried a large sum of money when the left the hotel.

Today's Telegraphic News

THE UPRISING IN RUSSIA.

St. Petersburg, Oct. 28.—Advices from Kharkoff state that martial law has been declared there.

The night passed quietly, the police and military having continued to obey the strict orders given them not to fire unless rioting was attempted. Today they have observed the same rule of moderation.

Additional troops are being hurried to this city as rapidly as they can be moved in view of the tie up on the railways. Already 60,000 soldiers are under arms here. By night this number will be greatly increased. The strike is extending and threatens soon to become general throughout the empire. All through the country the railroads are paralyzed and business generally is at a standstill.

Hunger is growing, as the food supply is almost exhausted. The people are also becoming hourly bolder and more defiant, notwithstanding their knowledge of the strict orders which have been given to the soldiers to fire with ball cartridges on any demonstration.

Advices received from Provincial centres show that the rioting, which had been dreaded for so long, has already begun. So far, however, the disturbances have not become general. In the instances recorded, however the troops have attacked the people, and the demonstrations have been attended with bloodshed. At Gomel three bombs were thrown at the chief of police and that officer and two Cossack guard, were badly wounded. At Reval the mob fired the local theatre and prevented the firemen from trying to extinguish the flames until the troops were called out and charged the rioters with bayonets and clubbed them with the butts of their guns. A number of casualties resulted. At Tomsk a mob marched through the streets singing revolutionary songs and demanding the communal republic. Rioting was started and the troops charged on the crowds, forcing the people to disperse. Many persons were wounded before this was accomplished. This attack upon the people by the troops was followed immediately by a strike among the railway employees. Up to that time these men had remained at their posts. At Kieff a mob has gathered and threats of violence have been made. So far, there has been no rioting, however. Telegraphic communication with Moscow has been interrupted. Advices from Irkutsk announce that the employees of the Trans-Baikal railway have joined the strike.

Indications are that the general strike, exteuding to the remotest parts of the empire, will be inaugurated before the day is over. In many cases by Monday the crisis will be over and then a new era will have dawned for Russia.

London, Oct. 28.—A dispatch to the Exchange Telegraph Company from St. Petersburg states that it is feared there will be bloody encounters tonight between the soldiers and the people in the vicinity of the University where it has been announced another great meeting will be held,

London, Oct. 28.—The correspondent of the Evening Standard at St. Petersburg wires that the military commandant at Kioff has ordered the troops to recapture Kharkoff where a state of war now exists.

Warsaw, Oct. 28.—There have been no disturbances here during the night. The supply of bread is rapidly being exhausted. There is a shortage of other foods and supplies too. The prices of meat, potatoes, coal, and oil have advanced 30 per cent.

Odessa, Oct. 28.—Notwithstanding the threats of violence which were made yesterday, the night passed without any disturbances of note. The soldiers are guarding streets and railways.

St. Petersburg, Oct. 28.—News which is regarded as of the gravest importance, reached here this afternoon from Moscow, just before telegraphic communication with that city was severed. This dispatch stated that at a meeting of delegates from various political parties held today it was decided to unite in establishing a government and to act independently of the imperial authorities. In this city this action is construed as an attempt to set up a provisional government, and unusual importance is attached to the announcement for that reason.

Warsaw, Poland, Oct. 28.—Martial law has been declared here. The strikers have blown up the bridge at Myszekoff, near this city. The railway tracks have also been torn up for a considerable distance.

Odessa, Oct. 28.—A serious affray occurred this morning at a gymnastic academy. Students of both sexes clashed with Cossacks who attempted to prevent meetings from being held at the academy. The head of one of the students was cut open by a blow from a sword. Nearly 100 persons were injured in the struggle of whom seventeen were girl students of the Academy. The city council decided to form a city guard to patrol the streets and protect persons and property. The governor, however, vetoed the resolution.

Previous to the adoption of the resolution the councillors indulged in speeches of a revolutionary tone, similar to those which have been delivered by students.

St. Petersburg, Oct. 28.—Communication with Moscow by telegraph was partialiy restored this afternoon. A message which came over the wires shortly after the service was restored says that the city is quiet. Everything is closed, however, today, including the Bourse. The Douma Congress has decided to continue its sittings indefinitely.

St. Petersburg, Oct. 28.—The telephone operators of the city joined the strike movement today. The telegraph operators threaten to strike tonight.

London, Oct. 28.—The correspondent of the Publishers' Press today wired to General Trepoff at St. Petersburg, inquiring if there was any danger of a serious outbreak. A telegram was received in reply from the chancellory of the governor general which reads; "The position is dangerous but all preventative artangements have been made."

The correspondent of the Evening Standard at Odessa wires that an unconfirmed rumor is current there to the effect that Germany is moving 100,000 troops close to the Russian frontier.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and kept them constantly on hand, since, as I find they have no equal.' E. S. Leadbeater and Sons, druggist guarantee them at 50c.

The President on the West Virginia.

Off South Pass, Mississippi river, Oct. 27 (via wireless telegraph to Key West, Fla., Oct. 28).—At 9:30 a. m. President Roosevelt accompanied by Surgeon General Rixey of the navy and Secretary Loeb came on board the United States cruiser West Virginia from the light house tender Ivy. He was received at the gangway by Admiral Brownson, Captain Arnold and the admiral's personal staff. All of the officers were assembled on the quarter deck in special full dress uniform, the crew manned the rail and the marine guard and band were paraded. When the President reached the deck, officers and men saluted, the marine guard presented arms, the drums and bugles gave four ruffles and flourishes, the band played "The Star Spangled Banner," the admiral's flag was hauled down and the President's flag broken at the main and a national salute of 21 guns was fired. The West Virginia immediately got under way for Chesapeake Bay. Off Key West she will be joined by the Pennsylvania and Colorado, the other two vessels of the squadron. The speed to be maintained is eighteen knots and it will be the first time in the history of this country that any squadron has cruised at such a speed for a long distance. The President is in excellent health and having a smooth and pleasant trip.

The Cotton Cases.

New York, Oct. 28.—Moses Hass and Frederick A. Peckham, cotton brokers in this city, who were arrested on a bench warrant based on an indictment found by the grand jury of Washington, D. C., charging them with conspiracy to defraud the government in connection with the "cotton leak scandal," were today discharged by United States Commissioner Ridgeway. They had been arranged before him for removal to Washington to stand trial there. The commissioner quoted at great length from previous decisions of the United States Supreme Court and judges of Circuit Courts in several States, holding that it was absolutely essential in all such removal cases that the government must establish beyond all doubt the fact that an offense had been committed. The defendants contended that misconduct is not a crime under the laws of the United States.

Moros Surprised.

Manila, Oct. 28.—Dato Ali, head of the Moros insurgents who have been making war for some time on Moros, friendly to the government on the island of Mindanao, has been surprised by troops under the command of Captain Frank R. McCoy of the Third Cavalry, aide de camp to General Wood. Ali, together with his son and ten followers, was killed. The troops captured forty-three wounded Moros, many arms, and a large quantity of ammunition. Three enlisted men of the infantry were killed, and two were wounded during the engagement. Heavy fighting between the constabulary and Moros insurgents is reported near Lake Linguasen, Mindanao. Datto Ali has long made trouble for the Americans in the Philippines. He took the aggressive on October 16, and since then has been engaged in killing natives in Mindanao, who were friendly to the government.

Four Bears Hold up Town.

Mahanoy City, Pa., Oct. 28.—A pack of four wild bears invaded a farming settlement in Main township, within a mile of Bloomsburg, and gamboled through the village streets while the terrified inhabitants barricaded themselves in their homes. Word was telephoned to Bloomsburg of the bruin invasion with a request for aid. Mounted and armed with rifles, a party of crack shots, hurried to the relief of the bear-besieged hamlet, but before they arrived, the bears had taken to the woods. Roy Butler and Jacco Ranp rode into a thicket and shot and killed one of the pack, weighing 300 pounds. The remaining three escaped.

Kaufmann Knocked Out.

San Francisco, Oct. 28.—"Philadelphia Jack" O'Brien knocked out Al Kauffmann, the young heavy weight pugilist of this city, in the seventeenth round of a hard fought mill last night at Woodward's Pavilion. O'Brien won because of cleverness and ring experience. In the sixteenth round Kauffmann was nearly out, and O'Brien punched him at will, but the boy would not go down. In the next round he made a feeble rally for a few seconds, and then dropping his hands he fell to the floor under a shower of jabs from his antagonist. He was perfectly conscious, but too weak to get up.

Harvard vs. Brown.

Boston, Oct 28.—Harvard gets her second hard game of the season this afternoon, at three o'clock, when she lines up against the eleven from Brown in the stadium. For two years past Harvard and Brown have not met, but before that time the contest was always an interesting one, and this year it promises to be more so. Brown has been playing well together and the men at the various posts are all good players. Harvard, too, has been getting together better during the past week, and the team goes into the game in good shape.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Gibson & Timberman and W. F. Creighton & Co.

Warning to the Porte

Constantinople, Oct. 28. — United States Minister Leishmann has sent a note to the Porte in the case of Ghirki's Vartanian, the naturalized American citizen, who has been condemned to die for the murder of an Armenian merchant, which is in the nature of an ultimatum. Mr. Leishmann warns the Porte that if Vartanian is executed before a reply is sent to the last dispatch from the State Department in his case grave measures will be taken.

Bride of 18 and Man of 74 Reconciled

McKeesport, Pa., Oct. 27.—"Yes, we are going to live together and are now celebrating our wedding," was the assertion made by Myrtle Beatty Grubbs, the 18-year-old wife of Dr. A. M. Grubbs, who is 74 years old, at her home last night. Last night the Beatty home was the scene of a glorious celebration. Dr. Grubbs has discarded his cane and seemed as young as any of the party. The amicable settlement was reached at the office of Alderman Coursin yesterday afternoon, where Grubbs met his wife for the first time since he returned from his brief bridal tour a few days ago and was thrown out of her home by his father-in-law. The couple talked and prayed together in the office, and were reconciled.

Father Sits Dead Beside Her.

Lebanon, Pa., Oct. 28.—John P. Batdorf, a prominent and wealthy retired Bethel township farmer, was yesterday fatally stricken with apoplexy while driving homeward after a visit to this city. He was accompanied by his daughter, Mrs. Mary Wolf, of Fredericksburg, Pa., who noticed her father had grown strangely silent and fearing the worst, she drove to the nearest physician, who pronounced life extinct. Only last week Mrs. Wolfe's husband was found dead under mysterious circumstances at Pottsville.

The second half is given of the breezy story, "Pioneer Transportation in America." Rudyard Kipling contributes a remarkable story entitled "With the Night Mail," in which he projects his imagination into the twenty-first century. Alleged Trainwrecker.

As was stated yesterday, Edward Johnson, colored, was brought to this city yesterday by Constable Payne, of Fairfax county, charged with attempting to wreck an electric train. Johnson had been employed by the railway company and had been discharged for some reason. It is alleged that he threatened to avenge himself on his former employers, and yesterday ties were found on the track between Little Hunting creek and Mount Vernon. Certain circumstances led to Johnson's arrest and he was placed in the station house in this city. This morning he was turned over to Justice Triplett, of Fairfax county, and the latter held a term of his court in a blacksmith shop at the northwest corner of Franklin and Patrick streets. Johnson was represented by Mr. Robinson Moncure. Johnson was sent on to the grand jury of Fairfax county which meets on the third Monday in November.

Sues For Divorce.

Mrs. Jennie E. Corby yesterday in Washington entered suit for an absolute divorce from her husband, William S. Corby, a wealthy baker. Mrs. Corby in her petition, in addition to citing numerous instances of alleged unfaithfulness, states that Corby wrote her a letter in which he declared that he had no love for her and could not live happily with her again. Mr. and Mrs. Corby were married May, 9, 1901, in Newark, N. J. They have no children. In her petition Mrs. Corby states that her husband has a one-half interest in a business in Washington, which is valued at $125,000, from which the net income annually is $48,000. He also owns, she states, a plant in Alexandria, valued at $40,000, stock in the corporation of the Ward-Corby Company, valued at $20,000, and other large interests.

The meeting will be held under the auspices of the American Society of Religious Education upon the invitation of the Ministers' Association of this city and will be addressed by the secretary of that society, the Rev. At the services at St. George's Protesant Episcopal Church in Fredericksburg Thursday night, following the close of the session of the Woman's Auxiliary, Archdeacon J. Poyntz Tyler, in behalf of the ladies of the auxiliary, presented, in appropriate terms, to Miss Sallie Stuart, of this city, the president of the auxiliary, a beautiful cut glass bowl in honor of the crystal anniversary of her service as president of that organization, she having been at its head for fifteen years. Miss Stuart, in accepting the gift, made a graceful response.

"Craft" Completed.

Some time ago it was announced that a floating palace was being constructed by order of a well-known female of this city which, while not equalling that of the King of Siam or Cleopatra's barge, would nevertheless be inviting—to certain classes. The structure has been completed and is now in one of the city docks where it is being inspected by the curious. It is fitted with nine furnished rooms with a window to each. It is said to be the intention of the owner to add the "ark" to other river attractions in the near future.

There were no new features in the market this morning.

The Arnold Stock Company.

The production of "Lady Windermere's Fan" by the Arnold Stock Company at the Opera House last night was an excellent interpretation of that famous comedy. The show last night was decidedly the best of the week and was heartily enjoyed by the large audience present. The costumes were magnificent and the stage settings were fine. The Arnold company is presenting some of the best pieces seen in the city for a long time, and the members of the company are certainly capable of rendering their parts in an excellent manner. Tonight the company will produce "Driven From Home," a sensational five-act melodrama. New scenery will be used and up-to-date specialties will be introduced. Two prizes will be given away tonight to the persons holding the lucky numbers, the first prize to be $10 and the second a live pig, the person winning the second to go on the stage and catch the pig. A matinee was given this afternoon to a crowded house.

U. S. Court.

A special term of the U. S. Circuit Court will be held in this city, commencing Monday, October 30, for the purpose of trying the suits of Representative John F. Rixey and his brother, C. Jones Rixey, against C. A. Stevens, for alleged malicious defamation of character. The plaintiffs claim damages in the sum of $30,000 each. These suits were first brought in the Circuit Court for Fauquier county, but were removed to the United States Court for trial at Norfolk, and were subsequently transferred to the United States Court in this city. They were called at the July term, but the hearing was continued at the request of counsel for the defendant. A large number of witnesses have been summoned.

The hall will be opened in the evening and a pleasant time is promised all who attend.

Cab Line.

As will be seen by a notice elsewhere, the Alexandria Transfer Company will on Monday next begin the operation of a cab line in this city when passengers will be carried from any depot or part of the city at the rate of ten cents. Such a service has been long needed in Alexandria and it hoped that the company will meet with the encouragement it deserves.

SATURDAY EVENING, OCT. 28, 1905.

Traveling in Terror.

Prince Frederick Leopold of Prussia, who represented the German Emperor with the Russian army in Manchuria, had a rather adventurous journey Wednesday night from Warsaw to Alexandrovo, a distance of 140 miles.

The prince's train was due to leave Warsaw at 8:30 in the evening. Dining and sleeping cars were attached, and dinner was to be served at 9 o'clock. All preparations had been made for departure, and a guard of honor was drawn up on the platform, when the officer commanding the guard was informed that the prince was sleeping in the governor's house. The guard was withdrawn, and word was given out that the prince would not make the journey that night.

The tables were cleared and the servants prepared to retire, when the prince, with his staff and a Russian escort, suddenly appeared, and the train was ordered to leave immediately. Troops then filled the station, the public was excluded, and the prince's staff was ordered not to leave the train. Guards with fixed bayonets were posted at the doors of every car.

Extraordinary precautions were taken, and the train left the station with all windows thickly muffled, and the lights of the engine extinguished. The military ahead signaled the train six times during the night to stop, as suspicious objects were observed on the track. At 5 o'clock in the morning Alexandrovo was reached, and the train there was taken over by Prussians.

Last Hope Vanished.

When leading physicians said that W. M Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs and Cold, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure.' Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed 50c and $1.00 bottles at E. S. Leadbeater & Sons, drug store. Trial bottle free.

Insomnia and Indigestion Cured.

'Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by Gibson & Timberman and W. F. Creighton & Co.

Faith Not Necessary.

You may be just as skeptical and pessimistic as you please. Kodol will digest what you eat whether you eat or not. You can put your food in a bowl, pour a little Kodol Dyspepsia Cure on it and it will digest it the same as it will in your stomach. It can't help but cure Indigestion and Dyspepsia. It is curing hunereds and thousands—some had faith and some didn't. Kodol will cure you if medicine can cure you, whether you have faith in it or not. Sold by W. F. Creighton, & Co. 401 King street.

A Splendid Idea.

A new idea in a Cough Syrup is advanced in Kennedy's Laxative Honey and Tar. Besides containing Pine Tar, Honey and other valuable remedies. It is rendered Laxative so that its use insures a prompt and efficient evacuation of the bowels. It relaxes the nervous system, and cures all coughs, colds, croup, whooping cough, etc. A red clover blossoms and the honey bee is on every bottle of the Original Laxative Cough Syrup—Kennedy's Laxative Honey Tar. An ideal remedy for children. Mothers praise it. It is best for all Sold by W. F. Creighton, & Co., 401 King street.
